DUTCH FLAT ENQUIRER.

E. R. BOEST, EDITOR.

SATURDAY MORNING, MAY 20, 1864.

END OF VOLUME FOUR.

This number of the ENQUIRER completes the fourth volume. We started the paper on the 20th day of May, 1860, under circumstances peculiar to the times. It was problematical at the time when we issued the first number of our paper whether it would be a permanent "institution" or not, it being the first enterprise of the kind started in this place we confess we had doubts of the success of the project. The paper was started for the purpose of advocating the local interests of Dutch Flat and general interests of Placer county, and we think we can safely point to our files—with the exception of six months, when the paper was leased to another party—without fear of contradiction that we have allowed no opportunity to pass unimproved when the welfare of the town could be forwarded in the least. And we think we can take to ourselves some credit, without being subject to the charge of egotism, the improvements which have been made in the town and neighborhood, and are yet being made; materially adding to the interests and importance of the town and this entire portion of the county. We have not invested the capital which has constructed the wagon roads from this place to Nevada Territory, yet we have exerted our efforts to the extent of our ability to bring the route to the favorable consideration of those who have furnished the means, and our town to-day has superior prospects to any other in the State, and it only needs a commendable display of industry and energy on the part of our people in order for them to realize their brightest anticipations, and we feel sanguine as to their willingness to prosecute the work to an early completion.

In conducting the editorial department of the paper we may have frequently said things calculated to offend a portion of our readers, such, however, appears the inevitable fate of those who conduct public journals; it should be apparent to every thinking man that, considering the great diversity of public sentiment that it is impossible to please every one at the same time; knowing this, and preferring a straight forward course with its patrons, the ENQUIRER has endeavored to be just to all, without trucking to any. If the paper has succeeded in doing this, we are satisfied, if not, we have fallen short of our purpose.

In the great struggle in which our common country is at present unfortunately engaged, the paper has cast its lot for a Union of the States, and nothing less; and this is no new position for the paper to take, we have never favored the doctrine of secession, notwithstanding a few political tricksters—to whose base uses we referred to lessen our influence in loyal communities. We point to our files and challenge a refutation of this assertion. We intend hereafter, as heretofore, to condemn the wrong and applaud the right, and in doing so shall endeavor to call things by their proper names. If this course is satisfactory to those who have encouraged us with their counsel and aided us with their patronage for the past four years, we pledge ourselves to it and solicit the patronage of others who favor the truth and an independent journal. We herewith renew the invitation to persons of all parties to contribute to our columns, assuring all such who may avail themselves of the offer, of courteous treatment. Very respectfully,

BRASS BAND.—We regret to learn that the brass band which has existed for so long in our town has no longer an organization. No one will probably doubt that the existence of this band has been a benefit to our town, and since the members had become proficients in their several pieces it seems a misfortune that we are hereafter to be deprived of their services. The members of the old band lost much time in order to perfect themselves in music, and received no corresponding encouragement; only some three individuals in our town contributing any aid at the commencement of their organization. To be sure, they were frequently employed by our citizens, yet by their voluntary efforts the employment received was more than overbalanced. We are sorry that the band is broken up, but hope that those who have "a ear for music," and a mouth to toot a horn will form a new band, and we hope our citizens will extend to those that may start an organization every encouragement in their power.

COME AT LAST.—The rains for the past week have furnished our water companies with a considerable quantity of water; enough, we are told to keep a portion of the claims at work until the last of July or the first of August, and a few of the oldest during the entire season.—Should this prove to be the case, our miners will have a much better and longer season for prosecuting their labors than for the two years past; and we may safely predict a larger yield from the mines in this vicinity than ever before, the claims all being prepared with special care, and from calculations to make large and long runs.

WE are credibly informed that Baker's contract will be completed by the 20th June, when the California stage company will commence making regular trips from New Castle to Virginia city via Dutch Flat. The road beyond Donner Lake is in an advanced stage, about five miles of which is already completed, and the balance will be finished by the first of June.

We learn that the Pacific Turnpike has been completed from Dutchman's ranch—nine miles above here—to Bowman's, and thrown open for travel for light teams, several of which have already passed over the road.

THE FLAG PRESENTATION.

On Friday last, the Little York Union Guard paid our town a visit in compliment to our soldiers. The Pacific Guard had purchased a beautiful company flag to present their guests on the occasion. The flag was made of fine, brilliant white, red and blue silk, six feet long by four in width; in the center which was the name of the "Little York Union Guard," in golden letters, and around the whole was a heavy gold fringe, and pending from the top of the staff were two large, rich gold tassels suspended by cords to match, the whole being a rich and beautiful, and forming an appropriate present to the patriotic gentlemen who were to receive it. The two companies under command of Major Kopp, formed in front of the Express office and marched down Main street to Sacramento, through Sacramento street to the common on the west of the town where there were a number of ladies and gentlemen congregated to witness the presentation ceremonies. The companies were drawn up in two lines when the Rev. Mr. Northrup offered a prayer for the blessing of heaven upon the ceremonies, when Captain Calderwood stepped forward with the flag and addressed Captain Atkins as follows:

CAPTAIN ATKINS.—On the occasion of the late visit of the Pacific Guard to your town they met by you and your command, and so cordially welcomed, so generously entertained, and their sojourn among you and your citizens rendered so pleasant that it created in our hearts feelings of the warmest friendship, and impressed upon our memories acts of courtesy and consideration which will be cherished through life. On learning that it was your intention to visit our town, my command could not forego the opportunity it would afford them of manifesting in some way their appreciation of the Little York Union Guard, and their worthy commander. They have therefore procured this National Flag, this banner of beauty, and have delegated me to present it through you to them. Captain, please accept from the Pacific Guard on behalf of the Little York Union Guard, this flag as a slight token of our consideration, and as a covenant of perpetual friendship between you and them; and at least as often as its fair folds are unfurled to the winds let it remind you of your friends, the donors. In this object of a soldier's devotion, into the custody of the Union Guard we feel that it is confided to the hands of those who will keep it unsullied from the polluting touch of treason, and undishonored by any act of theirs; and that in case they should be called upon to follow it into active service and to battle fields, they will stand by and defend it with unswerving valor to the last.

After Captain Calderwood finished, Captain Atkins, with the beautiful banner in his hand, responded as follows, in behalf of his company:

CAPTAIN CALDERWOOD, OFFICERS AND MEMBERS OF THE PACIFIC GUARD.—In behalf of the company I have the honor to command, I accept at your hands this beautiful present. Be assured we shall cherish it, not only for the respect and esteem we entertain for the Pacific Guard, but it is our country's glorious emblem, the proudest flag unfurled to the breeze of heaven. Whenever the country calls for our services we will prove ourselves worthy of your friendship, and determined defenders of this flag. In the name of the Little York Union Guard I thank you for this testimonial of your friendship and esteem; the associations connected with it will lighten, loves to linger, and rest assured the incidents of to-day will ever form the brightest page on the annals of our military experience.

The flag was then handed to the color bearer, the company being at "present" and the hand struck up a national air, and the cannon belched forth in thunder tones the rejoicings of all participants. But for the unforeseen accident which occurred soon afterwards to the Jordan brothers, the ceremonies of the occasion would have passed off unmarred. The companies then marched off and on arriving at the armory of the Pacific Guard were dismissed. Immediately after which our visiting soldiers deposited in the Express office, for the benefit of the young men who had been injured while firing the cannon, the sum of two hundred and fifty dollars, an action at once generous and noble, which evinces on their part a lively appreciation for the sufferings of others.

The ball in the evening was well attended, and all enjoyed themselves till daylight next morning. The military in the afternoon formed and marched to the lower end of town where the Little York Union Guard took their departure amidst congratulations of mutual friendships and esteem. Their visit will be long remembered, not alone by our soldiers, but by our citizens generally, who were proud to say, appeared to vie with each other in rendering them honorable and courteous treatment. May the ranks of the company remained filled, and the necessity of their organization as a military necessity cease, when we are satisfied they will still be a pride of the Township they represent and an honor to the community of which they form so conspicuous a part.

MAZEPPA, ACT I.—Scene, Courtyard of the Castle Laurenski, by night; grand procession; bridal chariot; ceremony; sudden appearance of the Black Knight; "Lead the vile traitor hence; strip him of the garb he now wears and dress him in HEUSTON, HASTINGS & Co's best suit, and all will be well." It was done.

SAD END.—On Monday, the 2nd instant, the Hon. Hugh G. Platt, committed suicide in Sonora, Tuolumne county, by stabbing himself several times and then cutting his throat, while under the influence of liquor. In mentioning this sad occurrence the *Flat* says: "He was a man of noble soul, cultivated mind and ready impulses, which not even the debasing effects of drink could destroy." A sad text for the philanthropists and advocates of abstinence to comment upon.

We republish this week, on the fourth page, for the benefit of our mining friends, the law passed at the last session of the Legislature "Regulating Assessments in Mining Stocks and Mining Advertisements," to which we invite the attention of miners generally, and particularly the attention of Secretaries to mining companies, a careful perusal of the law will materially aid them in their duties.

MILITARY RESOLUTIONS.

The following resolutions were unanimously adopted by the Little York Union Guard at a special meeting of the company held at their armory May 15th, 1864:

WHEREAS, On the occasion of our late visit to Dutch Flat in response to the invitation of the Pacific Guard, the cordial, generous and soldierly welcome we received, together with the high compliment paid us by the presentation of a beautiful banner, has filled our hearts with gratitude and strengthened the high esteem and friendship existing for the Pacific Guard; forming a bond of friendship and union never to be broken; and, whereas, deeming an expression of our heartfelt thanks due from us as an evidence of our appreciation of their generosity and soldierly bearing, as well as a feeble expression of our regard, therefore

Resolved, That our thanks are hereby tendered to the officers and members of the Pacific Guard for the cordial reception given us, and for their courteous and generous treatment while their guests.

Resolved, That while we gaze on the folds of our banner—among the most pleasant of the many recollections that ever cluster around our "glorious flag," the emblem of freedom—our country's hope—will be, that our pleasant associations with its loyal and true-hearted donors, and coupled with these recollections will ever be the sincere wish for the prosperity and happiness of the Pacific Guard, and the final reward of patriot soldiers.

Resolved, That we recognize in Major Kopp an estimable gentleman and thorough soldier, and we tender him our sincere thanks for the many favors shown us.

Resolved, That the thanks of the company are hereby gratefully tendered to the Iowa Hill and Dutch Flat Brass Bands for their presence and services on the occasion.

Resolved, That language is inadequate to express our heartfelt thanks to the ladies of Dutch Flat—whose beauty is only equaled by their amiability—for their kindly greeting, and that the recollection of the "merry dance" will ever be kept bright in memory.

Resolved, That we tender our thanks to the citizens of Dutch Flat for the generous welcome and hospitality we received during our visit, and hereby assure them their kindness is felt and appreciated.

By order of the
LITTLE YORK UNION GUARD.

SANITARY COMMISSION.—The following letter from Dr. Bellows is in response to a check received by him from this place for one hundred and twelve dollars, contributed by the voters of this precinct at the last election:

SAN FRANCISCO, May 10, 1864.
B. F. MOORE, Esq.—Dear Sir:—I acknowledge the receipt of Hall & Allen's check by you, for one hundred and twelve dollars, contributed by the voters of Dutch Flat toward the aid of our sick and wounded soldiers. Your patriotic town has already contributed handsomely to our Commission, and we welcome this new proof of your steadfast love and love of country. Thank God, the telegraphic wires are sparkling with great news from the army front of the National Capital! I believe that this very hour, Lee's army is eventually beaten, and that with it the rebellion sink from a fearful height into a wounded snake dragging its slow length along into the hole in which it shall die and be remembered only in this last great battle.—God bless the voters of Dutch Flat, who are equally ready to support the Government with ballots, bullets or dollars! Paper, lead, and silver and gold are equally current in this crisis! Yours, gratefully,
HENRY W. BELLOWES,
Pres't U. S. San. Com.

ARRESTED—RELEASED.—On Friday General Chipman, of San Francisco, was arrested and lodged in Fort Alcatraz, by the Provost Marshal. Since which time he was released by giving bonds for his good behavior and taking the oath. He was arrested for using treasonable language in a speech delivered at Platt's Lower Hall, on Tuesday evening; the 3d instant.

ANOTHER GREENBACK OPERATION.

ED. ENQUIRER.—A loud-mouthed, hypocritical supporter of the Government; one who by ungrateful threats invites transactions in Greenbacks and then complains of the action, has been guilty of a little operation in Greenbacks which the public generally should know in order that he may sustain his reputation as a man who desires the welfare of the Government, and a man in whom "confidence" may be placed: A gentleman of this place desiring to pay his National Revenue Tax requested L. Arnstein to forward the same to the Collector, which heat the time handed to Arnstein—ten dollars in gold—Arnstein at the time remarking that he could pay the tax in greenbacks, the gentleman replied that he was aware of the fact but wished the gold sent, and left with the understanding that the gold would be sent. Now this stick of gold allowed for friend's gold to "stick" to his fingers, and paid the tax in legal tender notes, thereby "appropriating" to himself the difference between Greenbacks and gold. Mark them! L. ARNSTEIN. These facts can be substantiated by affidavit, if necessary.

DUTCH FLAT ENQUIRER.

TO OUR PATRONS.—From pecuniary considerations we have changed the day of issue of the ENQUIRER from Thursday to Saturday, on which day it will be issued regularly.

ROAD MATTERS.—It is with a gratified feeling that we state to our readers that the citizens of Dutch Flat have resolved to make the road from the corporation line to the Dutch Flat and Donner Lake road, at the upper end of town. The committee appointed to solicit and collect subscription for this purpose reported progress and were confident of being able to raise the required amount by Tuesday evening next, at which time the citizens are requested to meet. The committee was instructed to invite bids for the work, and report to the citizens. The committee to whom was referred the petition to the Trustees have obtained the names of a large portion of the property holders, enough, in fact to secure the object desired. We think we can now safely say that we are to have a town, one that will live in magnitude and importance with any interior town in the State. Again we say, "Bully for Dutch Flat."

SEVERAL persons have recently left our town for the reported rich silver and gold mines over the mountains. But few, however, in comparison to the number, that were producers, and if we had three or four back out of the number the town would be materially aided by the late exodus. We regret the departure of Mr. J. S. Jones, the former proprietor of the Golden Eagle Hall, who left with his family for the Jordan Creek country.

DEPARTED.—We regret to announce the departure of Dr. J. M. Childs, for Austin, N. T. He has been a resident of our town for nearly two years, and few persons had more warm and sincere friends in this place than he. Dr. Childs purposes locating at Austin, and we bespeak for him the kindness of the people of that place; they will find in him an excellent dentist and an estimable gentleman.

THE ADVANCES OF THE GERMAN TURN VEREINE.—The statistics about the Turn Vereine in Germany, from George Hirth gives a new proof of its increase of members and institution; and well may such news be received with joy if love for freedom were not alive and blooming in the hearts of the population, this news never would or could be given. It seems that the foundation of this caste is on a rock that no despot can shake. Members and institution spread like a fire in the desert, even the oceans have no power to stop them. The result of such an institution, with men at its head who have the welfare and liberty of their native land in view, may be great and noble, and the German history will record in future days the result of their labors. The statistics show that 1,284 Turn Vereine are in existence, with 159,142 members, the occupation of the members are as follows: 57,118 mechanics; 8,984 operatives; 8,635 farmers; 30,557 merchants; 2,716 scholars, doctors, and lawyers; 3,323 teachers; 7,168 officers; 3,320 artists; 1,670 students. The children who are taught by the members of this institution number 21,463 boys, and 3,172 girls. The largest Turn Vereine are in Hamburg, Leipzig, Wien and Nürnberg, but Saxony has, according to Squ. Wiel, the greatest number of institutions.

According to the statement of the *Courrier de Havre* there are 8,258 Masonic Lodges in the world, with about 500,000 active members. The whole number of members are about three million.

WORKED OUT.—We have long thought that it was impossible for our mines to continue yielding the precious metal when subject to such a continual drain, and we find that we are not—right. The Rough & Ready claim cleaned up yesterday after a run of eighteen days, the owners realizing the handsome sum of thirty-one hundred dollars. There are four men employed in this claim.

The young men, William and Simeon Jordan, who were injured while firing the cannon last week, have each had their left arms amputated. They will both recover their eye-sight, and are getting on as well as possible. The Pacific Guard we learn have contributed over two hundred dollars for their benefit.

The People's ticket of San Francisco, at the late election on Wednesday elected an entire Union ticket. In no case did the Democrats elect a man. The total vote cast at this election was 11,110.

MRS. S. A. ALLEN.
A LADY OF WORLD-WIDE REPUTATION.
Mrs. S. A. Allen's World's Hair Restorer and Zytholalium or World's Hair Dressing are unequalled, and so acknowledged by all who use them for restoring, invigorating, beautifying and dressing the Hair, rendering it soft, silky and glossy, and disposing it to remain in any desired position; quickly cleansing the scalp, arresting the fall and imparting a healthy and natural color to the Hair. They never fail to restore gray Hair to its original youthful color. They act directly upon the roots of the Hair, giving them the natural nourishment required. No lady's toilet is complete without the Zytholalium or Hair Dressing. It cleanses hair and imparts to it a most delightful fragrance, and is suited to both young and old.

The Restorer Reproaches.
The Hair Dressing Cultivates and Beautifies.

The trustees of any corporation formed under the general laws of this State, shall have power to levy and collect, for the purpose of paying the proper and legal expenses of each corporation, assessments upon the capital stock thereof, in the manner and form and to the extent hereafter provided, and not otherwise.

Sec. 2. No assessment shall exceed five percent of the capital stock of the corporation, and none shall be levied while any portion of any previous assessment shall remain unpaid or uncollected, except in cases where all the powers of the corporation shall have been exercised in accordance with the terms of this act, for the purpose of collecting such previous assessments, and except also, the collection of such assessments against one or more stockholders, restrained by injunction or otherwise; in which case, further assessments may be levied and collected according to this act.

Sec. 3. No assessment shall be levied except by order of the Board of Trustees, concurred in by a majority of said Board, and entered upon the minutes of the corporation.

Sec. 4. Every order levying an assessment shall specify the amount thereof, and the time when, the person or persons to whom, and the place or places where, the same is payable. It shall also appoint a day for the advertisement of a delinquent list, which shall not be less than thirty nor more than thirty-five days after the time of the making of such order; and a day for the sale of delinquent stock, which shall not be less than ten nor more than twenty days for the time appointed for the advertisement of the delinquent list.

Sec. 5. Upon the making of such order, the secretary shall cause to be published immediately a notice thereof in the following form: "[Name in full.] [Location of works.] Notice is hereby given, that at a meeting of the [date] an assessment of [amount] per share was levied upon the capital stock of said company, payable [when, to whom, and where, particularly.] Any stock upon which said assessment shall remain unpaid on the [day fixed] will be advertised on Saturday at any place where publication is required to be made, the notice may be made in every issue of the paper which is most frequently issued at such place, for the full period of four weeks; and provided, also, that if there is no newspaper published at the place designated as the principal place of business of the corporation, then the publication shall be made in the newspaper published nearest thereto; and delivering a copy thereof certified by the secretary, to each of the stockholders of said corporation, then no notice by publication shall be necessary, and such personal notice shall be deemed complete.

Sec. 6. Said notice shall be published once each week for four successive weeks, in a daily or weekly paper, published in the place designated in the articles of incorporation, and also in some paper published in the county in which the works of the corporation are situated, if a paper be published therein; provided, that if the works of the corporation are not situated within some State or Territory of the United States, then publication in a paper of the county shall not be necessary; and provided, also, that if there is no paper regularly issued on Saturday at any place where publication is required to be made, the notice may be made in every issue of the paper which is most frequently issued at such place, for the full period of four weeks; and provided, also, that if there is no newspaper published at the place designated as the principal place of business of the corporation, then the publication shall be made in the newspaper published nearest thereto; and delivering a copy thereof certified by the secretary, to each of the stockholders of said corporation, then no notice by publication shall be necessary, and such personal notice shall be deemed complete.

Sec. 7. If any portion of the assessment mentioned in said notice shall remain unpaid on the day specified therein for the publication of the notice of sale, the secretary shall, unless otherwise ordered by the Board of Trustees, cause to be published in the same paper in which the notice provided for in section 5 shall have been published, a notice substantially in the following form:

"[Name in full; location of works.] Notice.—There is delinquent upon the following described stock, on account of assessment levied on the [date], and assessments levied previous thereto, [if any,] the several amounts set opposite the names of the respective shareholders, as follows: [Names, number of certificates, number of shares, amount.] And in accordance with law, and an order of the Board of Trustees, made on the [date], if any such order shall have been made, so many shares of each parcel of said stock as may be necessary will be sold at the particular place, on the [date], at [the hour] of said day, to pay said delinquent assessments thereon, together with costs of advertising and expenses of the sale. [Name of the Secretary, with particular location of office.]

"Sec. 8. Said last named notice shall state every certificate of stock separately, with the number of shares which it represents, and the amount due thereon, except where certificates may not have been issued to parties entitled thereto, in which the number of shares, and the amount due thereon, together with the fact that the certificate for such shares have not been issued, shall be stated.

Sec. 9. Said notice, when published in a daily or weekly paper, or in both, shall be published as follows: When published in a daily paper the same shall be published for a period of ten days, excluding Sundays and holidays previous to the day of sale; when published in a weekly paper, the same shall be published for two weeks previous to the day of sale, the first publication in the weekly being at least fourteen days prior to the day of sale.

Sec. 10. By the publication of the said notices, as hereinbefore provided, the corporation shall acquire jurisdiction to sell and convey a full, complete, perfect and absolute title to all of the stock described in the notice of sale upon which any portion of the assessment or costs of advertising shall remain unpaid at the hour appointed for the sale, but shall sell no more of such stock than is necessary to pay the assessments due, and costs of sale.

Sec. 11. On the day and at the place, and as nearly as may be at the hour appointed in the notice of sale, the Secretary shall, unless otherwise ordered by the Board of Trustees, sell, or cause to be sold at public auction, to the highest bidder for cash, so many shares of each parcel of said described stock as may be necessary to pay the assessment and charges thereon, according to the terms of said notice of sale; provided, that if payment be made before the time fixed for sale, the party paying shall only be required to pay the added costs of advertising.

Sec. 12. The person offering at such sale to pay the assessments and costs for the smallest number of shares, or fraction of a share, shall be deemed the highest bidder.

Sec. 13. The time fixed in any notice published according to the provisions, may be at once extended for a period of not more than ten days, by order of the Board of Trustees, duly made and entered on the records of the corporation; but no order extending the time for the performance of any act specified in any notice shall be effectual, unless notice of such extension or postponement be appended to and published with the notice to which the order relates before the completion of the regular course of publication thereof.

Sec. 14. No assessment duly levied shall be rendered invalid by a failure to make proper publication of the notices hereinbefore provided for, nor by the non-performance of any act required to be performed in order to enforce the payment of the same; but in case of any substantial error or omission in the course of publication, for collection, all previous proceedings, except the levying of the assessment, shall be void, and publication shall be begun anew.

Sec. 15. All acts and parts of acts inconsistent with the provisions of this act are hereby repealed; provided, that such repeal shall not affect proceedings commenced before the date of the passage of this act, but all such assessments may be collected in accordance with the provisions of the laws then in force.

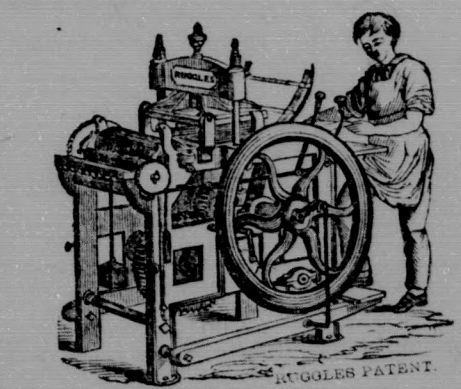

Sec. 16. This act shall take effect immediately.

MASONRY.

Of all the institutions, time honored and divine, Masonry stands the most prominent, and promises to be the most lasting. How much the welfare of the world is indebted to it, none can know but those who have been duly initiated into its deep secrets of the past, and its hidden mysteries of the present. The powerful influences wielded by this great institution of antiquity upon the circumstances of the present unhappy war, can never be known except in the sacred and silent archives of those entitled to such information, both North and South. It has been predicted by many infidelic croakers that the commencement of our civil strife that Masonry with every other sacred institution could be subverted before the return of peace. This is not—can not be so. Ancient Free Masonry had lived too long through fire and sword, to be destroyed in this enlightened age of knowledge and progression, by rebellion or civil war. It is an old soldier, "staunch and true," and its varied forms from time immemorial. Masonry while it bears true allegiance to its country, laws and regulations of government which surround and protect it, in its charities and general diffusion of brotherly love knows no law, but the law of God. It was the strong arm and undaunted heart of Masonry which brought down to us through the far off dark ages of the past, the same sacred writings which we all now acknowledge as the true law of God. And Masonry above all other influences in restoring our now unhappy nation from the sad consequences of our present unfortunate rebellion. Its benign influences have been already felt both in the camp and field, and nowhere more pointedly than among the prisoners of war on both sides, North and South. In the reconciliation which must at length come, Masonry will be first to extend the right hand of fellowship to the weak and erring brother.—*Norfolk Bulletin.*

Card from the Grover & Baker S. M. Company.

The public, in their eagerness to supply themselves with Sewing Machines making the Grover & Baker stitch, must not forget to purchase them of the parties who alone are authorized to sell them. All machines sewing from the spools and in which one needle only penetrates the cloth, and having a feed which allows the material to be turned at will are trifling imitations.

GROVER & BAKER, S. M. CO.

A Card from Elias Howe, Jr.

All persons are cautioned not to make, deal in, or use any Sewing Machines which sew front two spools and make the stitch known as the Grover & Baker stitch, unless the same are purchased from the GROVER & BAKER SEWING COMPANY, or their Agents, or Licensees, and stamped under my patent of September, 10, 14.

Said Company and their Licensees, alone, are legally authorized under their own patents, and my said patent, during the extended term thereof, to make and sell this kind of Sewing Machines, and all others are piracies upon my said patent, and will be dealt with accordingly wherever found.

AMERICAN EXCHANGE,

SANSOME STREET,

Opposite the American Theater,

San Francisco.

S. H. SEYMOUR, Proprietor.

THE UNDERSIGNED, LONG CONNECTED with the establishment as Book-keeper, begs respectfully to inform the old patrons of the house, and the public generally, that he has leased from Mr. Bailey Sargent,

THIS MAGNIFICENT ESTABLISHMENT, which will in future be entirely under his management and control, and where he will be pleased to see his old friends and the traveling public. He flatters himself that his experience in the business and his long acquaintance with the people of California, will be a guarantee that no one will leave his house dissatisfied, and he pledges himself to spare no pains or expense in providing every means for the comfort and satisfaction of his guests.

THE AMERICAN EXCHANGE is well known to the people of California, that it seems almost unnecessary to say anything in praise, either of the building or its location. The Proprietor will only remark that it is inferior to no house in the State in all the requirements of a FIRST CLASS HOTEL, being in a central location and easy of access from all parts of the city. The ROOMS are large and WELL VENTILATED, and furnished with Spring Mattresses. Water has been introduced into all parts of the house.

BATH ROOMS on the premises for the convenience of families.

Two Coaches are attached to the Hotel to convey passengers to and from the steamers.
